

WORKING INSTRUCTIONS AT FARM

Welcome to our farm! We hope that this manual will help you at work.

WE PAY ONLY A TRANSFER TO A BANK ACCOUNT!

1. Do not be late for work.
2. Hygiene is very important! Remember that we produce food that people eat.
 - Wash your hands before starting the harvest.
 - Wash your hands after using the toilet.
 - If you work in gloves, wash them too.
 - NEVER put boxes on the ground. Soil may contaminate the shakers.
 - burning is prohibited on the field and in the apartment.
 - see instructions for the bathroom, kitchen, toilet, etc.
 - Your room must be cleaned before your departure.
 - remember to report any damage to your apartment
 - Don't drink at work! Those who will be thrown out.
 - do not watch illegal things on the internet.

3. Health and safety is very important on our farm.

- we learn how to use individual machines.

After reading the instructions, you and your instructor sign the training form.

- you must not use vehicles (tractor, car, forklift etc) or machines without first getting acquainted with the instructions!

- driving is obligatory!

-Drive carefully! Near the farm and in the neighborhood, drive very slowly, we do not want to spoil our good relations with our neighbors. Up to 10 km / h in roads to the field and on the farm!

- driving under the influence of alcohol is illegal and dangerous, EVERYWHERE!

We will make every effort to make your stay here as pleasant as possible, on the other hand we trust that you will be able to work and help create great working conditions.

We hope that you will meet here people from many countries that are open to the world, thanks to which we will all learn a lot together.

Once again, welcome to our farm!
